# Behavioral Interview Questions

## What?

- Questions about how you behaved in the past?
- They begin with phrases such as : *“Tell me about a time when...”* and *“Give me an example when...”*

## Why?

- Proven way to reveal a person's potential, specifically their ability to adapt, grow, collaborate, prioritize, lead, and strengthen company culture

# Sample Questions

- Tell me about a time when you demonstrated leadership?
- Tell me about a time when you had a problem and you had to go through several hoops to discover the root cause.
- Tell me about a time when you had a disagreement with your manager.
- Tell me about a time you went above and beyond what was expected to wow a customer?

# STAR Method

## Situation

Describe the event or situation you were in.

## (Prepare)

Listen to the question and think of an event.

## Result

Close with the result of your efforts.

## Task

Explain the task you had to complete.

## Action

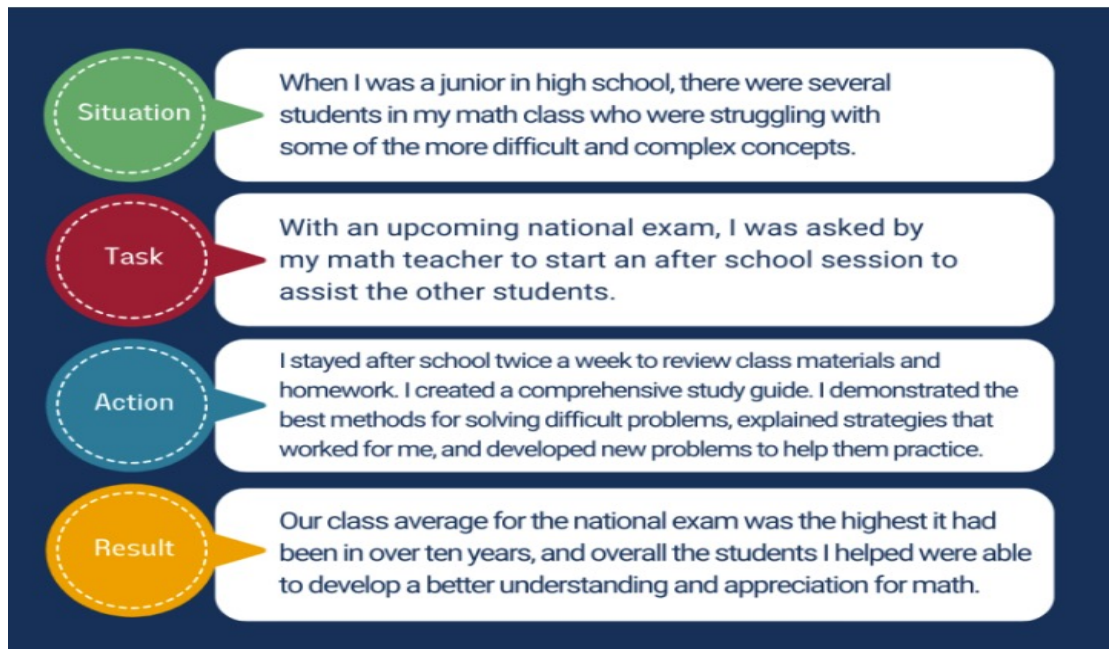

Describe the specific actions you took to complete the task.

# Sample Response

*Tell me about a time when you demonstrated leadership?*

- Instead of responding simply with ***"I tutored kids in math"*** provide context for your interviewer and demonstrate your skills through an engaging example.
